

THIRTY-FIFTH YEAR

GRIMSBY, ONTARIO, WEDNESDAY, JANUARY 28th, 1920

\$1.50 PER YEAR, 4c PER COPY

BIG TRANS-ACTIONS  
ON REALTY MART

E. S. Johnson buys the Brick Whittaker Block on Saturday Morning and sells it Again Before Nightfall to J. H. Wells—Mrs. S. Anderson sells her Main St. Home to Harriston Man.

PRICES ARE GOOD

J. M. Lawrie Property on Main St. Sold to Jas. Stoddart of Hamilton, who also Secures an Option on the East Half of the Woolverton Block, Which Will Probably be Taken up.

Main Street property started to move last week and before the end of the week had passed out, several of the biggest deals in the history of the town had been transacted.

On Thursday a local real estate agent brought James Stoddart here from Hamilton and before nightfall had sold him the Jas. M. Lawrie property on Main Street and secured an option on part of the Woolverton block adjoining it.

On Saturday morning Ex-Reeve E. S. Johnson purchased the Samuel Whittaker brick block and by night had resold it again to Jas. H. Wells. In the meantime residential real estate had also been on the move.

Stoddart, the purchaser of the Lawrie property paid in the neighborhood of \$5,000 for it and takes possession of it on Feb. 1st, leaving Lawrie in possession of the stable part of the barn only until March 1st, when everything must be moved out.

In all probability the option he holds on the Woolverton property will be taken up. This option covers the stores of W. J. West, A. H. Phillips, and Vernon Tuck and the photograph studio of Chas. Caldwell and runs back as far as Orchard Lane, thus squaring off the Lawrie property and giving him an ideal block of land.

There are several rumors afloat as to what will be built on this property but as Mr. Stoddart is out of town, nothing of a definite nature can be found out, although it is reported that he intends to build a big garage.

Mr. Lawrie has not decided yet, what he will do with his livery and teaming business.

The Whittaker property which E. S. Johnson purchased is one of the finest blocks in town, being of brick construction and having an excellent frontage on Main Street and great depth, with a lane running completely around it. At the present time the stores are occupied by J. P. Robertson, J. H. Wells and Wm. Farrow, while the Masonic Lodge occupies all of the two storeys upstairs.

On Friday E. S. Johnson, acting for Mrs. Samuel Anderson disposed of her fine brick house and three-quarters of an acre of land to Mr. Luno of Harriston.

Edgar E. Farewell, has sold one of his houses and lots on Robison St. North to Morris Heddon of Camden.

JUMPS FROM AN  
EXPRESS TRAIN

Alfred Palmer Being Deported as a "Red" Drops from Lavatory Window, just East of the Beach, While Train is Hitting 45 Mile an Hour Clip.

By a desperate leap from an express train travelling a forty-mile-an-hour speed, Alfred Palmer, alias Pearson, escaped from an immigration officer Thursday afternoon when he was being escorted to the border for deportation.

As the Buffalo express was just east of Grimsby Beach, Palmer, who in charge of a Dominion immigration officer in one of the coaches, asked to be allowed to go to the lavatory. He was given permission but as he entered the little compartment alone and did not emerge after a lengthy period had elapsed, the officer grew uneasy and proceeded to investigate. He found the door of the lavatory tightly locked but with the aid of a brakeman, he forced the lock only to discover that the compartment was empty, and a small window in the side of the car wide open. Palmer had taken a desperate chance and made a break for liberty.

The immigration officer continued on his way to Niagara Falls with two other men who were also in his charge. The authorities of the neighborhood in which Palmer had made his escape were notified of the occurrence and a thorough search of the vicinity was made but no trace of the missing prisoner could be found.

Alfred Palmer or Pearson, is described as a man of about twenty-two years of age, five feet six inches in height, stout build, dark complexion, clean shaven and was wearing a dark fedora hat and a dark suit when he made his escape. He was not wearing an overcoat.

FORWARD MOVE-  
MENT AT WINONA

Ven. Archdeacon Perry and Very Rev. Owen Address Men on the Great Work That is Being Done by This Continent-Wide Movement.

A very successful men's meeting was held in St. John's church, Winona on the evening of Jan. 21, 1920, in the interest of the Dominion wide Forward Movement.

About twenty-five men were present, all interested and anxious to obtain a clearer, and better idea of this great work that is gripping the lives of men throughout our Continent.

We had with us two good speakers from Hamilton in the person of Ven. Archdeacon Perry and very Rev. Owen. These splendid speakers pointed out the necessity for the Church to wake up, also for the men in this Dominion to realize the great peril the church of to-day is facing.

They pointed out what would happen as a result of the foreigners entering our gates, bringing with them strange ideas and religions. These men must be met, and it possible drawn towards the Church, Canadianized and Christianized. But how can it be done? It was also noticed that in the last ten or fifteen years that political organizations have had their way, Labor Unions their way, Militarism its way, all trying to give the world Peace. Has it? No, we are as bad off as ever. Now let the Church have its way, give the church support, and a chance and see what she can do. This Forward Movement is for that purpose and it means forward for all, that the Church may be put on a level with all other organizations.

This war that has just finished cost at the rate of \$7.21 per second since the birth of the Church. Think of it! and the lives, the destruction, the misery, all for what purpose? That we may have peace. Have we got it, did this war gain its end? Look at the papers of to-day, strike riots, suffering far and wide, and worst of all real Anarchy running wild, led by Satan and his agents. This Red Plague (shall I call it) is fast sweeping our fair Dominion.

As one speaker said, while traveling down through this Niagara District, the so called Garden of Canada, he was convinced that the people did not realize the danger they were in. It will mean a second Russia, unless we wake up before it is too late. Yes, while the opportunity is ours.

We were informed that thirty denominations in the U. S. are undertaking this work and five in Canada, proving beyond doubt, that some great power is working amongst us, let us hope results may be seen here in Winona.

The meeting closed at 9.45 with a hymn "Who is on Christ's Side" and a short prayer by Rev. Noxon.

## LIPSITT-TERBERRY

A quiet wedding took place on Wednesday January 21, at the home of Mr. and Mrs. J. A. Terryberry, 55 Grosvenor Avenue north, Hamilton (formerly of GRIMSBY), when their eldest daughter, Myrtle, became the bride of Mr. Awrey Lipsitt, GRIMSBY, Rev. J. A. McLachlan, of GRIMSBY, officiating. The happy couple left on the evening train for points East. After a short honeymoon Mr. and Mrs. Lipsitt will reside in GRIMSBY.

## ST. ANDREWS CONCERT

St. Andrews Sunday School Concert will be held on Thursday, February 5th at 8 p.m. in Moore's Theatre. Miss Jessie Irving the well known reader will give some of her famous monologues, among them "The Chatterbox at the Movies" and a varied programme of musical numbers, recitations and dialogues will be given by the members of the school.

Tickets will be 35c and seats may be reserved at Hoшал & Burgoyne's until 5 p.m. that day. Concert but not after that hour. Admission for children 15 cents.

CELEBRATED THEIR GOLDEN  
WEDDING

The many friends of Mr. and Mrs. Christopher M. Honsberger, Jordan Station, are extending their warmest congratulations on the completion of fifty years of happy wedded life. Mr. and Mrs. Honsberger are passing their golden jubilee as quietly, as all of their family are quietly.

Born 77 years ago on a farm on which his grandfather located in 1802 Mr. Honsberger was one of the first men in the district to realize the opportunities offered for commercial fruit-growing and established a business that has steadily grown in scope and importance. A half century ago he married Miss Diana Ritturay who he married the late Michael Ritturay, daughter of Clinton. The ael H. Ritturay with five children, union was blessed with five children, of whom only three are now living.

MITCHELL STARTS  
FIREWORKS GOING

Ruffles the Feelings of County Legislators at Very First Session by Asking Them to Start Work at 9 in the Morning Instead of 10—Asked Some Very Pointed Questions That are Left Over.

## COMMITTEES SMALLER

County is Broke so far as Finances for Road Work is Concerned, With Miles of Road Still to be Finished—Impossible to Sell any More Debentures—Loaded up With Machinery.

County Council got away to a good start on Tuesday morning and before the members had hardly got set in their seats Reeve Mitchell of North GRIMSBY set the fireworks off, and if yesterday's display is any criterion of what is to come, Lincoln is in for the finest pyrotechnic exhibition ever known.

Mitchell upset the dignity of the county fathers almost at the very opening of proceedings when he moved an amendment to the motion setting the hours of duty. The hours named in the motion called for the councilors to work from 10 to 12 in the morning and 2 to 5 in the afternoon. Mitchell wanted the hours changed to 9 to 5, as he thought it was high time the county council got down to business and quit keeping millionaires' hours. He ruffled the feelings of a lot of members and did not succeed in getting his amendment carried, so for the rest of the year our overworked county legislators will start work in the morning three hours after the taxpayers have started.

North GRIMSBY's representative also asked a lot of questions that rubbed the wrong way of the grain of some of the members, but as everything was not in shipshape to go ahead in debate on them, they were left over.

One thing that Mitchell did accomplish was that he busted up the hair-brained idea of having one-third of the council on every committee, and thus have nearly all the work of the council done in committee where neither newspapermen or ratepayers could hear the discussion or know what was going on or what was happening to their money outside of the bare reports that were laid on the table to be passed by the full council. A look over the committees for the ensuing year will show that they are very much smaller in size than heretofore.

When questioned by THE INDEPENDENT as to conditions at the county council regarding the road system, Mitchell said "I was surprised to find the County in the horrible condition it is in as regards to roads. I find that the law only allows this county to sell debentures to the amount of three per cent. of its total assessment. When that three per cent. is used up we cannot issue any more debentures for road purposes. I also find that this county has issued \$500,000 in road debentures and that is their limit. They have left to of this amount about \$80,000 and that has to be paid to the Provincial Government as our share of the Provincial Highway so that we are broke, so far as roads are concerned and can issue no more debentures, and that is not all, we have miles and miles of road on our hands half finished and no money to finish them with and no way to obtain money to complete them at any price except by application to the next Ontario Legislature to have our borrowing powers for road purposes increased. I might also mention that the county has enough machinery and stone quarries to supply four counties."

"How about the money that was allotted to North GRIMSBY that it never received and was never spent on the roads?" was the next question we fired at him.

"Well," he said, "I do not know. But I know this that North GRIMSBY only received sixty per cent. of the money allotted to it, and that Calator never received a dollar, while in Niagara Township forty per cent. more money was spent than was allotted to it, while other townships in the east end received from ten to thirty per cent. more than their allotment. How or where North GRIMSBY is going to get the money to finish up its portion of the roads is beyond me at the present time, but I AM GOING TO FIND OUT BEFORE THIS SESSION ENDS."

"How about GRIMSBY?" we asked. "Well, Reeve Farrell is sick and I am going to ask a few questions for him. I am going to find out why GRIMSBY has to pay the same county rate on the county road system as the other municipalities, especially the rural ones where all the roads are being built. GRIMSBY has only a little short piece of road, that is Main St., hardly a mile in length and yet she pays the same county rate as the other municipalities pay, who have had miles upon miles of roads built and repaired within their borders. Take Niagara Town. Its main street runs clear around the whole corporation and is three times as long as Grimsby's main street and still Niagara only

(Continued on page 5, col. 4)

ALDERMAN WALKER  
RESIGNS HIS SEAT

## GARLETT IS WARDEN

Only one ballot was necessary to elect Reeve Charles Garlett, of Beamsville, to the Warden's chair, at the opening session of the County Council yesterday. Reeve Farrell was in the field despite the fact that he was ill at his home in GRIMSBY. Reeve Weistead of Grantham was also a candidate but Garlett received eight votes on the first casting and was elected. Garlett is the first Beamsville Reeve to be Warden in 27 years. John Ritchie being the last one.

Persistent Rumors of Past Month as to his Being Able to Qualify and Hold Office Along With Legal Action That Certain Men Were About to Take Caused him to Take This Course.

## OTHER MEMBERS SAFE

When the Unseating Idea was First Mooted, Wray and Theal Were Slated to go, but They are Safe With the law—Resignation will Probably be Accepted by Council When it Meets.

The surprise package of the past week's activities was the resignation on Monday morning of Alderman Hugh D. Walker. To those who keep a close watch on all municipal movements the resignation came as no surprise but to the average citizen it was a considerable shock.

The very day after the Reeve and Council went into office by acclamation with Mr. Walker filling the seat vacated by Reeve Mitchell of North GRIMSBY, the rumors started to fly around the town like bullets that Walker, Theal and Wray could not qualify and had no business to take their seats. These rumors were driven to earth by THE INDEPENDENT and it was found that there was a certain body of men in town who were really out to unseat the Aldermen named. After a long confab with Mr. E. H. Lancaster, they found they had no grounds to unseat Theal and Wray upon, but there was a possible chance that they might be able to disqualify Walker. Mr. Lancaster was instructed to look up the law further on the point.

The situation as it existed was this at the time of the last assessment Walker was living in the Dr. McLay property on Mountain Street and was assessed there. He then moved to the Macklem property opposite the Anglican Church, but was never assessed on this property. In the fall he purchased the Campbell property on Elizabeth Street and moved into it. But he could not qualify on it as he was not assessed for it although he was an owner. When the law was delved into it was found that had he remained in the McLay property his qualifications would have been as sound as the wheat, but the law says a man to qualify "must reside in the property that he was assessed for on the last revised assessment roll," and of course he was not residing there, so that gave the "unseaters" an opportunity to get in their work.

Things dragged along and nothing definite was heard until Saturday of last week, when the word leaked out that Lancaster had received instructions to get a court order to evict Walker from his seat. Walker after due deliberation, finally took the bull by the horns on Monday morning and handed in his resignation to Clerk Russ.

There is not at the present time, nor has there been at any time, any apparent reason for the men "Behind the gun" to take any action against Walker or any of the other Aldermen. What their idea was we are not prepared to say.

With Reeve Farrell sick in bed, Walker unseated and Ald. Marsh on his way to Florida, GRIMSBY for the next few days is going to be without a council as two members are not sufficient to form a quorum.

When a quorum is secured it is quite possible that they will accept the resignation and this will necessitate the calling of a nomination and there will probably be another election.

During the interim since the rumors first started to float one council meeting has been held, at which Mr. Walker took his seat. He did not move any motions, but seconded several. If his seconding of these motions was illegal on account of his lack of qualifications then all the business done at that meeting will have to be rescinded and done over again.

LATER—Council met this morning (Wednesday) with Ald. Marsh holding down the Reeve's chair. The resignation of Ald. Walker was laid on the table by Clerk Russ and accepted. A bylaw to borrow \$10,000 for current expenses was passed. A motion authorizing the paying over to the Canadian Stores Limited a cheque for \$7,500 was also passed.

## BORN

PRICE—In North GRIMSBY, on Friday, January 23, 1920, to Mr. and Mrs. J. Ernest Price, a son.

## CARD OF THANKS

Mr. and Mrs. H. D. Walker and family wish to thank their friends and neighbors for their kindnesses during their late bereavement.

## MAKE YOUR MENS LAY

Promote good health in your poultry by feeding regularly Hume's Poultry Spice. It puts the flock in the best condition and increases the egg production. It is concentrated small amount in all that is required at each feeding. 25c per can, 5 for \$1.00 at Parke & Parke Limited Market Square, Hamilton.

## FRUIT TREES UNHURT

So far no reports have been received of any material damage being done to the fruit trees and vines in this district by the extreme cold weather and heavy snows of the past month. According to one of the best posted men in this district the trees look wonderful and prospects for a good crop of all kinds of fruits next season are good. This man claims that all indications point to an extremely heavy crop of plums. Many growers are of the opinion that owing to the very dry weather in the fall that there was not enough moisture in the ground when the freeze-up came and that the trees will be short of sap, whether this is a fact or not remains to be seen when spring opens up. So far the cold snap has not injured the vines and trees and everything points to an excellent crop this coming season.

## CHANGES AT PRECOOLER

Many changes are to be made at the GRIMSBY Pre-Cooling Plant on Livingston Avenue before the fruit season arrives again. The big ice house which formed part of the building, at the rear, is to be done away with. It is to be converted into at least six and have been called for and local contractors have already put in their bids on it.

In doing away with this ice house, they also do away with the present system of pre-cooling the fruit, that is the brine system. In its place will be installed a very modern type of ammonia plant. The addition of these new cooling and storing rooms will fill a long felt want and the installation of the ammonia plant will greatly facilitate the cooling and handling of the fruit.

## COUNCIL PROCEEDINGS

Our report on the council meeting of two weeks ago which was held on Monday morning in accordance with a lengthy one. In its place will be installed a very modern type of ammonia plant. The addition of these new cooling and storing rooms will fill a long felt want and the installation of the ammonia plant will greatly facilitate the cooling and handling of the fruit.

## NEW DANCING PAVILLION

We have it on good authority that there will be built at GRIMSBY Beach this coming spring, the largest and finest dance hall to be found anywhere in Ontario. The new hall will not be on the GRIMSBY Beach proper, but will be built outside the grounds right at the foot of the park road, and will in no way be connected with the Beach Company.

The men behind the deal are Stephens and Johnson of Sarnia, and they have already purchased a large block of land from the Lakeside Survey along the lake front and will build on it a large hall that will extend out over the water for some considerable distance. The hall will be on a level with the land, with bath houses and boat houses underneath. A large promenade will completely surround the dancing floor and ice cream and soft drinks, lunches and delicacies will be served at tables. The dancing surface of the floor will be over double the size of the hall inside the beach grounds.

The site and location for this pavillion is an ideal one and the promoters in the neighborhood of \$5,000. If they erect the kind of building on it that they now contemplate there is no doubt but what it will be a huge success.

## FIRE IN GARAGE

Damage totalling in the neighborhood of \$500 was done by fire on Sunday, shortly after noon, to the GRIMSBY Garage. The damage to both the building and contents is fully covered by insurance.

F. E. Russ, proprietor of the garage left the building about 1.45 and everything was in fine shape. About 1.10 Henry Bull, an upstairs in his home on Doran Avenue, and saw smoke issuing from the office part of the garage. He immediately ran up town and turned in an alarm. When the firemen arrived, they had to enter their way into the office and found it chock full of very dense smoke. The smoke was so thick that the men could not penetrate it and it rolled out the doors and windows in dense clouds. Flames could be seen, but as they were unable to reach any objective with the chemical, they turned the big hose in and it was soon flooded out. The building which is a lean-to, metal clad, stands on the east end of the building, and the fire was prevented from working its way into the garage proper, by a brick wall.

Apparently the stove became overheated during Russ's absence and set fire to a partition standing close by that was covered with paper. The floor was damaged considerably and the partition was a total wreck. A large amount of books and invoices were destroyed as well as a lot of auto parts. A battery charging outfit was also badly damaged.

The building is part of The Independent block.

## Facts and Fancies

By Frank Fairborn

### THE NON-ATTORNEY GENERAL

When they composed the Puritan brain of this redoubtable Attorney General, they had at hand but few ingredients. And so were forced to use expedients. They put therein some small discerning. A grain of sense, a grain of learning. And when they saw the void behind, they filled it up with froth and wind.

### MORAL REFORM WAVES

It is wonderful how moral reform runs in waves. A few years ago it was the "whole cheese" with moral reformers to harp on the crime known as the white slave traffic.

One could scarcely pick up a newspaper that was not full of articles or items anent the white slave traffic.

Very few moral reform speakers on the public platform failed to refer to the terrible evil of the white slave traffic, and even the ladies, in their Women's Institute and W.C.T.U. and other meetings read papers on the white slave traffic—and these speakers, and women did not know any more about the white slave traffic than the white slave traffic knew about them.

The whole thing was a fad; or a wave of moral reform that caught everybody whose inclinations were pointed in the direction of a higher standard of living, and who used it as a cheap stepping stone to notoriety and who forgot it as soon as it had served its turn.

The white slave traffic is as much in existence now as it ever was; but the moral reformers of both Canada and the United States are paying very little attention to it, except in rare cases where earnest workers in some of the larger cities are doing what they can to stem the tide that sweeps thousands and thousands of girls to their ruin every year.

The real way to fight the white slave traffic is to not begin at the wrong end, as the moral reformers do with everything else; but rather begin at the right end and train the children so as to reduce their chances of being caught in the maelstrom or whirlpool of vice that surrounds the white slave traffic.

With this vice, or evil, as with nearly all the other vices or evils, that human nature hath to contend with, it is far better to practice prevention rather than cure—because, if a cure is effected the victim is seared and scarred from its intimacy with the evil.

The real trouble with the whole campaign against the white slave traffic, the same as with the campaign against the liquor traffic, and against gambling, and many other of the evils, or supposed evils, that humanity is heir to, is that the moral reformers, instead of working with a view to the betterment of the world.

I have come to this conclusion, in study of this question, by watching the processes followed by moral reformer workers.

Hundreds of them; yes, thousands of them, are quite willing to lend their hand to the suppression of the white slave traffic in some way.

That is, that all are willing to do something to save the girls and the women, in general, whom they have never seen or known; but very seldom will they go out of their way to speak a kind word to, or give a word of good advice to, girls of their immediate acquaintance.

In fact, they are liable to shun these girls, and to look down upon them; thus driving them into the very mode of life that they, themselves are pretending to rectify and suppress.

Ninety-five per cent. of all girls are naturally good; and the percentage that does fall, fall not from their own evil nature, but from causes entirely outside of themselves;—such as neglect by parents, carelessness of church workers, bad companions and other evil influences.

But the time to save these girls and direct their feet into the right path is not when they have become fully bad;—but in the early stages when they may yet be directed and saved by kindly attention and motherly advice.

The tendency of all women is to look down upon and shun and speak evil of, their weaker sisters; and it is this tendency that has a large influence in driving the weaker ones still further away from the influence that might save them; and drives them into paths of wickedness, where they become hardened, and almost past the reach of human kindness and sympathy.

The same attention paid to young girls who are starting out in life, by safeguarding them and by every other method trying to bring them under better influence, as is given to the suppression of the white slave traffic, would bring an hundredfold better results.

That is why I say our moral reformers begin at the wrong end. Instead of safeguarding the youth, they allow them to drift into evil and after they have become hardened and careless, they then, by law, police courts, and other drastic means, try to suppress the evil that never should have been allowed to start or grow.

Nothing is so apt to drive a weak girl, or a reckless girl, into confirmed evil, as to be shunned and looked down upon by her more righteous sisters; and until these sisters realize that the proper way to suppress this great evil is by constantly trying to lead the younger and weaker ones into the right path there will be but few steps forward taken in the suppression and eradication of the white slave traffic.

Neglect, scorn, shunning, and looking down upon the weaker members of the sex, and then, afterwards, when they have become wicked and case-hardened, trying to save them, is exactly like allowing a young boy, full-swing to drink liquor until he has become a heavy drinker, and then trying to break him of the habit.

Train up a child in the way he should go, and he will not depart from it.

### A WASTE OF GOOD PAPER

So great was the scarcity of newspaper paper, during the past month or two that for several days the Winnipeg newspapers had to suspend publication, simply because they could not get paper to print their issues upon.

This state of affairs was not brought about so much by the actual scarcity of paper, in Canada, as by the fact that the paper mills and especially the Fort Francis paper mills were determined to ship their product into the United States, where they could get higher prices; and let the newspapers of Canada do without.

Long ago, back as far as fifteen years ago—I stood in the convention of the Canadian Press Association and warned the Association that the day would come when Canada would regret the enormous waste of paper that was being carried on, and I referred especially to the enormous Saturday and Sunday editions of daily newspapers that were being published in every city in the Dominion.

Much of this paper, I declared, was wasted, as a great part of these tremendous Saturday and Sunday editions were not read by the people, and were, therefore, wasteful and unnecessary.

The officers and members of the Canadian Press Association paid very little attention to my remarks, and no action, whatever was taken.

But the truth of those remarks and the commonsense embodied in them, has been thoroughly proven during the past few years, when it has been almost impossible to secure paper, even at enormous prices.

The United States publishers, especially the wealthy ones, are willing to pay any price to secure Canadian paper to keep their circulations up, and in order that the Canadian newspapers might not be entirely ruined and put out of business, our Government, after a long investigation into the matter, fixed the price of paper and forbade the mills to ship to the United States until after the Canadian newspapers were supplied.

The amount of newspaper that is required by the Canadian newspapers only amounts to about twelve per cent. of the total output of the Canadian paper mills; but the mills, many of which are owned by American capitalists, were unwilling even to allow the Canadian newspaper publishers to purchase that twelve per cent. and some of the mills were shipping their entire output to the United States, even in the face of the threat made by the Government that they would put an embargo on their shipments if they did not supply the newspapers in their districts with sufficient newspaper to keep them going.

The waste of paper that has taken place in Canada during the past twenty-five years could have but one result, and that is the fulfillment of the old adage "A wilful waste makes a woeful want."

There have been published in Canada, during the past twenty-five years, a great number of utterly useless newspapers and periodicals all using up paper, and many of them being read by none or a very few of the people.

Thank goodness, a great many of these have been swept away, probably never to return; but some of them are still in existence, and the "Pioneer," of the City of Toronto, is one of them.

We do not know what circulation this paper has, but we do know that many of them are going into nearly all the post offices in the country and very few of them are being read, or even opened.

This paper is serving no useful purpose and never did. It never had any influence even on the subject it was advocating and the white paper used in its publication has been wasted.

There were many others of a like nature; but most of them have disappeared.

The worst waste, however, in white paper, has been made by the governments—both Provincial and Dominion; and especially the Dominion. Thousands of tons of paper have been wasted by the Dominion Government, in printing useless pamphlets on every conceivable subject, very few of which pamphlets were ever read or ever served any useful purpose.

The only apparent reason for keeping this flood of literature going, seems to be to keep men in jobs who otherwise would have to get out and work for a living.

It is time that some member of parliament would move for an investigation into this matter and try and put a stop to a large percentage of this useless literature.

### STONE ROADS

The Hon. F. C. Biggs, Minister of Public Works, Ontario, is growing with his job, and soon will be right up-to-date in his ideas on the road question;—but there is one point in which he yet falls, and that he exposed in a recent speech in Hamilton, when he stated it was the intention to build macadam road on the provincial highways.

It has been most thoroughly demonstrated that macadam roads or, in other words, the common, waterbound, stone road, will not stand up under heavy automobile traffic.

If Mr. Biggs does not know this the sooner he becomes informed on the point, the better, because every dollar that is expended on ordinary stone roads on provincial highways will be thrown away.

A good stone road on the provincial highway between St. Catharines and Hamilton will not stand up for one year, much less five or ten years. It is useless, therefore, to build any stone road on any part of this highway.

It is all right enough to use a quantity of small stone chips and dust to fill holes and keep the road in a passable condition, but when it comes to construction on this highway, there must be a permanent road built that will carry the traffic for years.

What, then, is the use of Mr. Biggs, or anybody else, talking about building stone roads on provincial highways?

### "BATTling BILL" AT COUNTY COUNCIL

County Council is in session this week and it promises to be one of the stormiest sessions ever held in this historic old county. "Battling Bill" Mitchell, the hero of many a municipal and county battle will be there representing North GRIMSBY and for that matter the county in so far as the County Roads System is concerned. "Bill" is going to County Council with blood in his eye and before the session a half over some of the members of that august body who have done pretty much as they liked in the past are going to find out their day of autocratic rule is over. They are going to know that there is at least one man in the council this year who won't stand for any monkeying. As far as the Good(?) Road System is concerned, it is doomed to die, at least that part of it which causes our citizens to pay \$16,000 a mile for road worth about \$2,000. There has been altogether too much laxity in the handling of the business during the past few years and it is high time that conditions were changed, and we imagine that "Battling Bill" is just the boy to change them and won't be until he who tries to block his progress and stick to the old system of spending money and getting no return for it.

### A WORLD BEREFT OF VISION

Most people have visions of some sort, which might be described as short, far-sighted, selfish or unselfish. Perhaps but few are real passers of the latter; and 'tis for want of this that world conditions today are so disquieting.

With amazing self-abandonment the warring peoples of 1914-18 rushed to uphold or defend their motherland; and stuck to a bewildering uncertainty of mastery or defeat with praise-worthy tenacity. But since the conflict of the inherent selfishness of class and individual seems rampant in every region. This condition can be changed only by true visions and lofty idealisms.

A person, class or people, but first and only for self, is sure sooner or later to fall and crash. They may in the interval become prosperous, powerful and perfectly content, but a crash is due, and it will come if only at the last, when the moral perversion of life's lost opportunity faces their fall. The secret success of any life, individual, government or people, lies in the measure of service or sacrifice invested in the enterprise, and the realization that the edifice supposedly built and hinged on Christian ideals, was at heart so selfish and rotten as to cold-bloodedly cause the extinctions of its neighbors and brethren.

Our religion, right or perverted, is after all our best idealism, and we ourselves make it effectual or feeble, our investments of service, sympathy, time, goods, are its driving force. It is a Bolshevik kind of Christianity, time, goods, are its driving force. It is a Bolshevik kind of Christianity, time, goods, are its driving force. It is a Bolshevik kind of Christianity, time, goods, are its driving force.

The great Christian bodies of the northern continent in a renewed effort are asking their dazed yet devoted children by a united effort to make the ideals of Christianity, a righteous force in the mellowing and restraining of coarse passions, than which we are all asked to put something, or most of all "Movement" into which we are all asked to put something, or most of all "Movement" into which we are all asked to put something, or most of all "Movement" into which we are all asked to put something.

### Penned and Scissored

All things might come to the man who waits—if starvation didn't get there first.

A violinist works a bow—and some girls do likewise, but they spell it differently.

It's difficult to find a man who is willing to hold a ladder while you climb to success.

It's the natural faith of a woman that enables her to believe the things she wants to when she knows she doesn't.

"Whisky Price Jumps \$2.50 a Case."—Says a headline—that doesn't worry us any, as we are unable to finance a cargo even at the old price.

### MOTHER GOOSE ON THE H. C. L.

Jack and Jill went up the hill—  
That fact is not surprising.  
They should desire to go still higher;  
All other things are rising.

Mary had a ton of coal;  
She worked ten years to earn it.  
She froze to death the other day—  
She couldn't bear to burn it.

Sing a son of sixpence  
A cellar full of rye;  
But not a single drop of it  
For sixpence could you buy.

Little Bo Peep has lost much sheep,  
But it isn't any wonder  
She lost her flock of woolly stock  
With mutton high as thunder.

Little Jack Horner dropped in at the corner  
A luncheon to buy one day,  
But he grew very ill when he looked at the bill  
And his appetite vanished away.

The friendly cow, all red and white,  
Smiles as, in bovine sport,  
She gives us milk with all her might,  
At 20 cents a quart.

The hostile hen, all black and blue,  
Which cackles like the geese,  
Will wield one egg, or maybe two,  
At just a dime apiece.

There was a man in our town  
And he was wondrous wise,  
He could unscramble scrambled eggs  
And un-cuss custard pies.

But now he's talking to himself  
Within a padded cell—  
He tried to figure out a way  
To beat the H. C. L.

# History Of St. Andrew's Church Grimsby Ontario

(Continued from last week.)

## Chapter VIII.—Rev. George Robert Field Grout

Mr. Bethune was succeeded at Grimsby by the Rev. G. R. F. Grant in the year 1827. Among the interesting old letters preserved by Mrs. Nelles we have found the following letter of introduction from the Rev. Salter J. Mountain, nephew of the Bishop of Quebec, addressed to Mr. Abraham Nelles and dated Cornwall, 2 July, 1827: "I beg leave to introduce to you the Rev. Mr. Grout who has been appointed to succeed the Rev. Mr. Bethune at Grimsby, and a very worthy successor to him you will find him as well as a great acquisition to you. I had once only the pleasure of seeing you eleven years ago. I was most hospitably entertained at your house on my way up to Sandwich with the late Lord Bishop of Quebec on his visitation and on my return homeward in the summer of 1816" etc., etc.

Mr. Grout was born in the City of Quebec in the year 1804. A young man of twenty-three, he was appointed to the church at Grimsby by the Rev. Dr. C. J. Stewart, having been first ordained a Deacon. This appointment was at first made temporarily, but so faithfully did he perform the duties of his office that the Bishop permitted him to remain, and after two years he was ordained priest.

On the 14th January, 1829, Mr. Grout was married at Montreal to Miss Walker of that city. The journey from Grimsby to Montreal, via Newark (now Niagara) and Lake Ontario occupied a week each way in those days, but so devoted was he to his church that he was only absent one Sunday from service.

At this time the church wardens were William Nelles and Jonathan A. Pettit. The church was an oblong chancel. There was a gallery over the south end under the west part of which was the Vestry.

In the year 1830 a bell was purchased from Troy, N. Y. and suitably placed in the belfry. Its sweet tones have ever since continued to invite the faithful parishioners to Grimsby to the worship of God.

During the first years of their married life, Mr. and Mrs. Grout occupied "the Cottage" previously mentioned, but about the year 1832 they removed to that house nearly opposite the church, which had been built by Mr. John Grout, the father of the rector, for his son George. This house was strongly built with solid stone walls plastered over the stones on the exterior and is an interesting structure because it is so well built, and is so good an example of the colonial architecture of the early part of the nineteenth century.

It was about this time that the struggle arose about the clergy reserves. Act 31, George III. had set aside one seventh of the land for the maintenance of the Church. When the distribution of the resultant fund was arranged, some parishes failed to comply with the necessary preliminaries, and so lost their portion of the endowment. Among these rectories which obtained their globe lands in 1836 we find that Grimsby was one.

ed upon until December, 1852, when the large house adjoining the church yard on the west, then belonging to Mr. Udell was purchased for the purpose, for the sum of four hundred and fifty pounds.

"The greater part of this amount was received from the Grand Trunk Railway Co., for two acres for the depot, etc., land originally given the Church by Mr. William Nelles.

In the year 1850 a handsome quarto Bible was donated the Church by the Church Society and a large prayer book by the Lord Bishop.

At a vestry meeting on the ninth of June, 1850, it was resolved "that the Rector be requested to remove from the altar the candlesticks which he had presented to the Church" and on December the first it was unanimously agreed that the pulpit be taken down and the font placed where the pulpit was standing, under the direction of the rector."

The Rev. Francis J. Lundy

In 1856 a committee was appointed to collect money for the purchase of an organ and to this fund some subscriptions were made by friends in both Hamilton and St. Catharines.

In the year following an organ was placed in the church by certain members of the vestry, before which led to some legal proceedings; but in April, 1863, the committee reported the organ fully paid for, recommended the sale of the old organ and the painting of the new organ, and the building of an extension for its reception, all of which was agreed upon.

In 1863 a set of by-laws governing the rents of pews and the sale of lots in the church yard, etc., were prepared by the rector and wardens among which we note that "no lots were to be sold to any person not a member of the Episcopal Church, and that no minister of religion, except that of the Episcopal Church of England, Ireland, Scotland or of the United States shall officiate at the church or church yard at a funeral whether by way of prayer, sermon, or exhortation."

In 1864 the Wardens, Messrs. W. F. Biggar and Conrad Durham, reported that they had removed the doors from the pews in accordance with a regulation of the vestry, which "improvement, together with the matting furnished by the rector for the aisles, has added to the appearance of the church and to the comfort of the congregation." That they had placed the old organ in the hands of a dealer in Hamilton who agreed to give them fifty dollars for it as soon as sold; that they regretted the loss of the "services as organist of Miss Louisa Lundy—services which she had most efficiently rendered gratuitously for more than five years; and that the arrears due on the rector's stipend now amounted to three thousand dollars and that some means should be devised of settling this debt."

About this time a curate was employed in the person of a Mr. Benedict. He preached his first sermon April 9th, 1855, and his last January 21, 1866. During six months following a Mr. Stimpson served.

On the 9th of March, 1867, Dr. Lundy retired from the cure of this parish. His death occurred two years later of apoplexy while conducting a service in New York City. He was buried at Newburg on the Hudson.

At a vestry meeting in April, 1868, a resolution was passed of "Sincere sympathy and condolence with Mrs. Lundy and the family in this heavy affliction."

\*Notes by Mr. Jonathan Muir.

## Chapter X.—Rev. T. Bolton Read, D. D.

In the year 1867 the Rev. Dr. Read was appointed to Grimsby. He was born in London, England, about the year 1817. He received his theological training at Mr. Bethune's school at Coburg, and through it secured his degree of D. D. from Cambridge. His first appointment was to Port Burwell; from there he removed to Orillia, which he gave up to collect for the Episcopal Endowment Fund of the Diocese of Toronto, living at Weston. He was next appointed to Thorold from which parish he removed to Grimsby.

According to the minutes, the Rev. Dr. Read presided over the vestry for the first time on Easter Monday, April 1867. At this meeting there were present thirty-two qualified members. One of the first resolutions was that a committee be appointed consisting of the rector, the church wardens (Dennis Nixon and T. C. Brown John) and Messrs.:

\*For these particulars of Dr. Read's early life we are indebted to his grandson, the Rev. Walter Creighton of Bobacoon.

A. H. Pettit and Doctor Fitch to examine into the state of the rectory and ascertain what repairs are required. These being attended to, other improvements quickly followed, among which we mention of the more important viz.:

The repair of the Church spire (1867).

The adoption of the envelope system as a means of obtaining funds to provide for the income of the church (1868).

The acceptance of the offer of the Rev. Abraham Nelles to take property belonging to the church in the township of Uxbridge, originally donated by Mr. William Nelles, in exchange for the farm which he owned adjoining the church (1869).

The abolishment of the system of pew rents and all seats made free (1870).

\*Notes preserved by Mrs. Aikman. The building of the chancel (1871) This work was begun in April, and the opening was September 10th, with a sermon by the Rev. Mr. Worrell.

The repair of the fences about the church yard (1873).

The procuring of a new pulpit by a committee consisting of the Rector, Wardens, and the Ladies' Aid Society.

The purchase of an organ from Mr. Warren, of Toronto, for \$650, an allowance of \$200 being made for the old one; and the building of an extension for its occupation, and in April, 1881, it was reported to the Vestry that the cost of the organ and the extension had been paid in full.

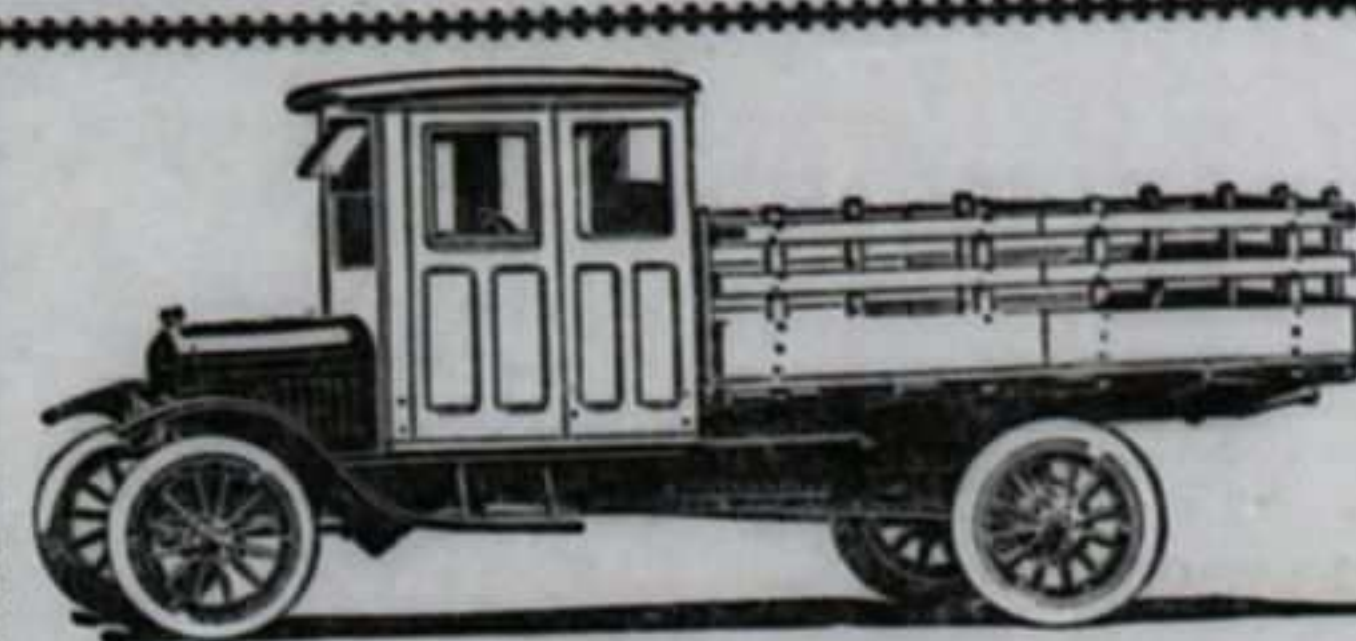

The acceptance of the kind offer of the Ladies' Aid Society to assist in the decoration of the interior of the church (1882).

During the ten years from 1873 to 1887 the faithful and efficient services of Miss Mariah Nelles (now Mrs. Rutherford) as organist were repaid only by an annual vote of thanks. In association with Miss Kate Alexander (now Mrs. Kenneth Grout) Miss Nelles continued her services until 1894. During these years these ladies were allowed a small amount each year as a token of appreciation.

At a special meeting of the Vestry in January, 1885, a letter was read from Rev. Dr. Read asking that he be granted the privilege of purchasing "a small lot from the south east corner of the church grounds for the purpose of erecting a cottage."

After much discussion, the request was finally granted and a lot 70 feet frontage and 156 deep sold to the Doctor for \$200.

At the annual Vestry meeting in April, 1887 the action of the Wardens was approved, informing the rector that the subscription list had been so increased as to make the rector's stipend \$600 per annum instead of \$400 in order to enable him to engage an assistant. In 1888 the

Night Phone 429

amount was increased to \$700 by vote of the Vestry.

The Rev. Thomas Motherwell was the assistant to Dr. Read for the year 1888 and 1889 to the satisfaction of all concerned as is shown by the minutes of 1890 which records the "great appreciation of the services rendered the parish" by him. From Grimsby he was appointed by the Bishop to the charge of the parish of Dunnville.

He was succeeded by the Rev. Octavian Edgewood, who served during the year 1890. The Wardens' report of Easter Monday, 1891, gives expression to their "regret at the loss of the services of the rector's faithful and earnest assistant."

In the year 1890 St. Mark's Church at Grimsby Centre was built.

Among the donations to St. Andrew's Church about this time we notice the alms plates presented by the Ladies' Aid Society; the frontal for the lectern by Miss Lillian Nelles; and the chalice and paten for the Holy Communion by Miss Ida Nelles and the Rev. Dr. Read.

At the Vestry meeting on Easter

Monday, 1891, the Wardens made their first printed report for distribution. In this they drew attention to the furnishing of the "church and chancel with a neat and modern design of seats, the new carpet on the floor of the chancel, the improved lighting with new lamps and shades, and other incidental improvements," costing about \$600, and mostly paid for by the Women's Auxiliary and the Young Ladies' Guild.

In this report the Wardens also give expression to their sincere sympathy with the Rector and his family over the sudden death of Mrs. Read. One year later the Doctor himself was called away, having been rector for twenty-five years. He was possessed of rare ability in conducting the affairs of the parish and was much beloved by his people. He died September 8th, 1892, at the age of seventy-six; and some years later a window was put in the church to his memory.

During Mr. Read's illness the Rev. Cornelius Scudamore served as curate.

**A 15 YEARS' FIRE**  
Just think! That is the time through which Mr. H. C. Buckley endured all the fiery torture of itching, burning eczema. His life was a perfect misery until Zam-Buk—the great herbal skin cure—brought complete relief.  
Mr. Buckley, who lives at 461 East Broadway, Portland, Oregon, writes:—"For fifteen years I suffered with eczema, and although I tried many so-called 'eczema cures,' nothing seemed capable of dealing with a case like mine. It was not until I had Zam-Buk recommended to me wonderful skin healer soon brought about a change for the better. As I persevered with Zam-Buk the burning sensation got less. I found Zam-Buk wonderfully soothing. Gradually the patches of soreness and the inflammation were reduced, and complete and permanent cure finally resulted. I would strongly advise all afflicted with eczema to give Zam-Buk a trial. It will give them satisfaction. They will not be disappointed."  
No skin disease can resist the potent healing forces stored up in Zam-Buk, which is unequalled for old wounds, ulcers, abscesses, bad sores, scalds, burns, cuts and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto, 50c. box.

# Top of the World Carnival

Banff is to have an elaborate winter carnival this year, and will be on foot from February 2nd to the fourteenth inclusive. Situated as it is in the Canadian Pacific Rockies and surrounded by the grandeur of Tunnel Mountain, Rundle Mountain, and Sulphur Mountain, Banff, the national resort, is fast becoming the centre of winter sport in Canada, as Christiania in Norway. It is a perfect winter playground with its natural mountain slides and ideal skiing. The preparations for the carnival this year are on a larger and broader scale than previous years; the aim being to make Banff attractive in winter as it is in the summer. In one aspect the visitor will find combined summer and winter amusement in the hot sulphur springs, which give one the privilege of swimming out in the open with the thermometer above or even below zero, in not tepid but warm water.

The spirit of the carnival will again have full sway throughout the town, and those who arrive at night will find themselves in a veritable fairyland. Colored lights are to be strung across the streets, down the famous toboggan slide, and on the rinks in thousands giving a great gala effect.

The list of amusements is a long one. There are hockey and curling matches, toboggan races, snowshoe races, and ski jumping. The ski jumping and ski races are to be one of the big year promises to be one of the big events, for a new jump has been built costing several hundred dollars, and some of the best skiers in Canada will take part in the competition. The Pony ski races are on the programme, and will doubtless create much excitement. Snow shoe tramps have been planned and lunch will be served at the game warden's cabin. Those exhilarating races are conducted by men who know every inch of the country. The carnival will be just one continued round of gaiety and anyone who imagines the world in the mountains to be dead in the winter will have a pleasant surprise.

Rivers, brooks, cataracts and falls are all pursuing their merry course, as in the summer months, in a few occasional spots. The animals are not huddled up inside their burrows or seeking shelter away from the world, but roam around as in summer. The carnival will be opened by the Superintendent of the National Park, and a special programme has been arranged for each day and will conclude with a farewell ball and distribution of prizes. There are three comfortable hotels which remain open throughout the winter.

The carnival and bonspiel at Banff are becoming amongst the most important and widely known events of the Canadian Winter, and will attract thousands to see "Top of the World" in the winter. Nature in all the beauty of her winter garb is at her best at this time of the year. Instead of being dead Banff will be very much alive.

## Local Items Of Interest

Irvine Olmsted is confined to the house with illness.

Ald. H. H. Marsh and Mrs. Marsh leave tomorrow on a trip to Florida.

Mrs. Charles T. Farrell and Master Ralph are both on the sick list.

Mr. Maeder of the Bank of Commerce staff spent the week end in Ayr.

See the I. H. C. tractor at Baldwin's before you buy.

2.30 p.m.—Bible School.  
Monday 8 p.m.—B. Y. P. U.  
Wednesday 8 p.m.—Prayer and Praise meeting.

**METHODIST CHURCH.**  
Sunday, February 1st  
REV. J. A. McLACHLAN, Pastor  
11 a.m.—Public Worship—Sermon by the Pastor, followed by the observance of the Lord's Supper.  
7 p.m.—Public Worship—Sermon by the Pastor; topic, "The Duty of the Hour."  
2.30 p.m.—Sunday School Session. Topic, "Peter and John in Samaria." Acts VIII 4-8, 14-25.  
An Inter-Church Rally will be held in the Methodist Church, on Wednesday January 28th at 8 p.m. Rev. C. L. McIrvine of Hamilton will give an address in connection with the "Forward Movement."

"Capt. Kidd Jr." the big free picture that was to have been shown in Moore's Theatre on Jan. 3rd free to the kiddies will be shown at a special matinee in this house on Saturday afternoon Feb. 14th.

**FARMS WANTED**—If you wish to sell your farm communicate with us—we have buyers now. It will cost you nothing unless we make a sale. Bell's Limited, GRIMSBY, 'ph no 405 or 261.

While chopping kindling on Saturday morning Steve McCoy had the misfortune to be struck in the right eye with a piece of wood, which confined him to the house for a couple of days. We know something would happen when Steve essayed to labor.

**CABINET MAKING AND REPAIRS**—I am prepared to do all sorts of cabinet work and repairs, polishing and altering. Send your furniture to me for renewal. Edw. Lander Deer Park, North GRIMSBY, Box 287.

**FOR SALE**—A two-year-old high-grade Holstein cow, calf by side, passed to the uttermost. Year-old grade Holstein, also a pair of calves in early spring. Also a bushels of Red Clover seed. A. Pickett, phone 37 ring 11, GRIMSBY.

Coasting or sleigh riding on the mountain is prohibited according to orders issued to Chief of Police Konkle by the Township Council. The heavy snows of the past three weeks has provided great fun for the kids but they have reverted back to the bad idea of sleigh riding down the mountain and this practice is a very dangerous one and Chief Konkle means to stop it.

North GRIMSBY Board of Health organized for the year on Monday night. H. K. Griffith was re-elected Chairman of the Board. Dentistry in the rural schools was discussed at some length and Reeve Mitchell promised to secure data on it from Inspector Carefoot. There was nothing of importance on the docket and only minor matters were discussed.

**ALEX EARLE OF THE MOUNTAIN GROCERY** is this week offering some special bargains in many lines to clear before stock-taking. A few of the many are good Ceylon Tea, reg. 65c for 55c. Special blend at 70c. Monarch Coffee at 60c. A good pink Salmon in small tins 2 for 25c. Pickhards, a tasty fish, good substitute for salmon only 22c large can. Mince-meat 22 1/2c lb.

Mrs. H. Stinson Johns and son Billie of Hemphstead, Long Island are home for the winter with Mrs. John's parents Mr. and Mrs. Wm. Lamp-lough, Winona. Mr. Johns, an old GRIMSBY boy, who has been connected with the Curtiss Airplane and Motor Corp for the past three years as expert mechanic has taken a business trip to the Pacific Coast and Southern States for the Company. His first stop is Los Angeles to inspect the airplanes on a large field owned by Mary Pickford, Douglas Fairbanks, Sydney and Charlie Chaplin but known as The Sydney Chaplin Aircraft Corp.

The prospects for cheaper clothing are not at all bright. Canadian Wool-lens and cottons are still being shipped to Europe and until this condition is reversed, prices will be high. However some stores are selling goods at much higher prices than others. Far-rars sell their merchandise at the most reasonable prices. They manufacture their own goods. They buy and sell for cash, and are satisfied with a smaller profit. We would like you to call and look over our values. The better judge you are, the surer we are to sell you. We make suits to your order. Every coat and vest tried on and satisfaction guaranteed. Always at your service. Farrar Clothing Manufacturers, 5 Market Square. We give premium tickets.

**COLBECK-CLARK**  
The home of Mr. and Mrs. Alexander Clark, Rosemount, Fruitland, was the scene of a happy event Wednesday afternoon when their daughter Gladys, was united in marriage

to Mr. and Mrs. D. B. Colbeck of Acheson Colbeck, only son of Mr. and Mrs. D. B. Colbeck of son of the ceremony in the presence of about thirty guests. Miss Winona Ellsworth played the wedding music as the bride entered with her mother, who gave her away. She was fathered in a gown of brown satin and carried as her sole attendant. After a sumptuous repast was par-taken of and later the young couple taken on a trip South and West. They left for occupancy on their return their will home at Elderleigh. Guests were present from Hamilton, Toronto were it, Peterborough and vicinity. Detroit.

## Letters To The Editor

### THE "OLE" WAR

Editor Independent:—  
On Saturday evening last I had occasion to wait in the H. G. & B. Depot for a car, and as I sat down I noticed a book on the seat beside me. At the other end of the seat sat a returned man in a drowsy humor and behind the stove stood a young woman. As neither appeared much interested in the book, I picked it up and found it to be a volume of Ossian poems, but at the same time the woman showed a slight interest which led me to believe the book belonged to her, and I queried "Your book?" She replied that it was, but to "go ahead and look at it!" Almost the first thing I struck was rather timely in view of the late war, and I mentioned it and started to read aloud. The tired soldier had already yawned a couple of times and as I read: "As roll a thousand waves to rock, so Swarran's host came on; as meets a rock a thousand waves, so Innisfail met Swarran. Death raises all his voice around and mixes with the sound of shields. The field of echoes—" Here the soldier gave a decided groan. I immediately paused and asked if my reading disturbed him. "Oh, no," said he, "go on. I can stand it to sit all day an' hear about the ole war!"  
January 26, 1920. Drawlilm.

### IS THE WORLD BEING CURSED?

Mr. Editor:—  
I would like to ask for the opinions of learned men of this—the year of 1920—hundred and Twenty, through the valuable columns of your paper, the reason "Why" and "Where" we are at the pitch we are today. Have the chains of Hell been broken? Has the devil himself been allowed his freedom, or has he fled to the uttermost far sea and earth? Has he most parts of the day of all his ruling power to all the nations? The control of all the ones and the government Money, people—Graft, graft, graft, and most money—Outrageous enemy of mankind curse, the world's Because to-day is Money—and why? money the people make their your a god and what for? What is comes first thought? My thought I as to me plainly and I must speak it plain—That same flexy to fight for the Devil who de-righted God of truth and the God of en, "Go, nees, who said to His cho-creato preach the gospel to every in ture. Go without scrip or purse as bid, far country." Did these go ersid, were they received by strang-? Were they not taken in and anomed as true men to their honor King, servants of the most high the received by all? What about wherervants of our day? I ask two is humanity drifting?—Only Heavens to choose, right or wrong—platen or Hell—if this is not too too for good reading, why are and e starving when there is plenty th enough for all? Why so many Whes? Why so many murders? and so many crimes in every land homountry beyond the seas and at been can someone tell me? Is it lag, se people are good and follow- can on the dictates of their own mustence? What do you say? I graf be plain and say no—Greed and fire for money is the kindling of the and the rich can devour the poor throu. The King may sit on the perot, the President take the arm and in the White House, the Em-whole high seat among his deputies low rule with an iron hand the men universe, and then what fol-a? Is it Pence? no, far from it, can in their suits of sheep-skin for governing to hide their wolfish tering are leading astray even the neess which remains to the slaugh-for cause of corruption and selfish-bin. Charging up enormous prices saltur every day subsistence, com-wations and trusts like a cargo of sion on the ship lays heavy on the tim; if the storm comes she will ever and that very quickly too. The therhas come for the ship to sink hulk man should help to be his bro- keeper and see that the old ever drops beneath the green waters Capl are to remain forever and for-to the move the fight between The Oil Labor another downfall believe by dance of our common good, lars to-day can make the world is a working one million dol-can doubting one million dol-can to start the fire that he on the fly to start the fire that he von wonderful man, to-morrow he Clodouble his money by an increase Bake first gallon you buy to fill the manjump and keep it burning. The manjamp and the Shoemaker, the Bread dert, the Farmer, the Implement the facturer, the Doctor, Dentist the-ight down to the last—the Un- ever are after the "We must get force," not saying anything about new newspaper or the graffer who is holding up the pulp bush up a higher price for the daily

### Cash and Delivery

I wish to announce that on and after February 1st, 1920, on account of unavoidable circumstances I am compelled to conduct my Meat Market on a strictly cash basis. I take this opportunity to thank my many customers for their past patronage and hope to merit a continuance of the same.

## IRVIN OLMSTED, Proprietor

Phone 215

GRIMSBY

Where are we drifting, Mr. Editor, men, women and children suffering the torments of an earthly Hell, all for the wanton cruelty and pure devilment of a few, who are today appearing before the public as modern lambs attending the Sunday services as fledged saints, with faces as long as the Church spire, at the same time swallowing up their business of the coming week while the preacher is giving some plain talk on John Barleycorn and his deadly enemies—Outside the Chapel door are aeroplanes and biplanes, mon-sters of the air travelling through space delivering messages for Old John in a foreign land; Policemen and Detectives now on the stand, watching this beautiful all passing away. Where—think of all this, my

friends, has a curse come to this world? Are we living to gain wealth by honest toil? has the sweat of our brow earned for us our daily bread, or are we one of the grafters we read about in our everyday life, who have an attachment to a blood-sucker on the body of the fish or the Africa lizard trying to swallow a pig?  
A. B. TUFTFORD.

A dull, stupid colt can never be educated to become a valuable horse; without intelligence it will always be sluggish and never will have an attachment for his master. Most intelligent horses are naturally docile, and can easily be trained to be kind and reliable.

# WEEK-END CANDY SPECIAL

## Obituary

### MRS. HOWARD FLEMING

The death occurred on Sunday at her home in Tweedside of Clara Myrtle Bradt, daughter of Mr. and Mrs. Jacob Bradt and beloved wife of Howard Fleming, one of Tweedside's most highly respected residents.

The deceased lady was only twenty-nine years of age and had been ill only for a short time and her death was a great shock to her large circle of friends.

She leaves to mourn her loss a loving husband, who is at present very seriously ill with pneumonia, and four children, the youngest being only ten days old.

The funeral which was private was held on Tuesday afternoon at Queen's Lawn Cemetery, GRIMSBY, Rev. Mr. Clarke of Tapletown officiating. The pallbearers were Elmer Hildreth, Wm. Tweedie, Ira Tweedie, John Purcell, Stewart Hart and Wesley Brand.

Among those from a distance who attended the funeral was Mrs. W. H. Webber of Hamilton, sister-in-law of the deceased.

### ALFRED M. HENDERSHOT

One of the best known residents of Stoney Creek passed away at his home on Lake Avenue Saturday morning, in the person of Alfred Murray Hendershot, eldest son of Mrs. and the late Wilbert Hendershot of Elfrida, Ont. Deceased was forty-two years of age. He had been ill for some time, but seriously only since Tuesday. He was born in Elfrida but for the last 23 years had resided in Stoney Creek. For many years he had been a member of the Stoney Creek Methodist church. He was also a member of the A. F. & A. M., C. O. F. and K. O. T. M., of Stoney Creek and his death will be sincerely regretted by a wide circle of friends and acquaintances. Surviving him is his wife and daughter Lily, and his mother, and two brothers, Elmer and Philip, both of Elfrida; also five sisters, Mrs. Albert Marshall and Mrs. James Penfold of Tapletown; Mrs. David Tregunno of Dundas, Mrs. Harvey Hildreth of GRIMSBY, and Miss Irene Hendershot of Elfrida.

### WOMEN'S INSTITUTE

The Women's Institute are in receipt of a cheque from Mr. Jas. A. Livingston for \$55.20. The same being their share of proceeds of sale of carload of waste paper. The Institute appreciates very much the work done by Mr. Livingston and the business like statement given to them of the car of paper, price received, expenses, etc. Mr. Livingston looks after the work in connection with the paper, baling, shipping, etc. and gives half the proceeds to the Institute. The members of the Institute sincerely thank Mr. Livingston for his kindness and interest in the work. They would ask the co-operation of the community in this waste paper saving and collecting.

More active lines of Institute work are now being taken up, and the funds from this source are a great help in carrying on the work. It is hoped some systematic way may be planned to help Mr. Livingston in this work.

The Women's Institute having leased and remodelled the apartment over Miller's and Hoshal & Burgoyne's stores invite the public to the formal opening of the rooms on Saturday afternoon February 14th. Further particulars will be given next week.

### W. C. T. U.

The February meeting of GRIMSBY Union will be held at the home of Mrs. H. H. Anderson, Tuesday, February 3rd at 3 p.m. This is the annual parlor meeting and the usual interesting high class programme will be given. A very cordial invitation to all members and friends of the Union to attend is given.

## MITCHELL STARTS FIREWORKS

(Continued from Page One.)

pays the same amount of county rate on it as we pay."

To all appearances the present session of the council promises to be the hottest that was ever on record.

During the day the following committees were appointed. The first named being the chairman.

County Roads—Lane, and the whole Council while in session.

Industrial Home—Weistend, Sutton, Richardson, Kemp and Fry.

Bridges—Bush, Gracey, Mitchell (resigned).

Printing and Building—Richardson, Sutton, Revett and Masters.

Educational—Farrell, and whole Council while in session.

Finance—Kemp and whole council.

Agriculture—Kevett, Kemp, Haynes and Bush.

Assessment—Fry and whole council.

Reception—Sutton, Revett, Masters, Stewart.

Correspondence—Haynes, Farrell, Weistend and Mitchell.

Legislation—Masters, Mitchell, Farrell and Kemp.

Reeve Mitchell states that he declined to accept the chairmanship of any committee, as he has not the time to attend to it properly.

### IN MEMORIAM

DENT—In loving memory of Robert Dent, who died in England, January 21st, 1919, on active service. Just a year ago today

Since our dear Rob was called away. We who love him sadly miss him

As it dawns another year.

In our lonely hours of thinking

Thoughts of him are always near.

—Wife and Children.

### IN MEMORIAM

UPPER—

In loving memory of my dear cousin Anna Florence, who died January 24, 1914.

It is not the tears at the moment shed

That tell of our love for the soul that is fled.

But the tears through many a long night wept,

And the sad remembrance so fondly kept

Gone and forgotten by some you may be

But dear to my memory forever will be

If the grave were to open what changes you would see.

But eternal rest is better for thee.

Bread lightly o'er my dear cousin's grave

Let fall a silent tear

For underneath that green grass sod

My dear cousin lies there.

—Sadly missed by Cousin Marguerite.

UPPER—

In loving memory of my dear niece Anna Florence, who died January 24, 1914.

Not for ever, and not for a day

Did she leave the hand that taketh

Blessed be the hand that giveth.

In the bright and eternal city

One by one we cross the river

One by one we're passing o'er

One by one the crowns are given

On the bright and happy shore

Youth and childhood oft are passing

O'er the dark and rolling tide

It is sweet to know we'll meet her

When the gates are opened wide.

Ever remembered by her Loving Aunt Rachael.

### COURSE IN FRUITGROWING

The following program has been drawn up in connection with the Course in Fruitgrowing to be held in Town Hall, Beamsville, during the first week in February. Morning sessions will be from 9.30 to 12, and afternoon from 1.30 until 4.

## HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON  
P. O. Box 123, Parrboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back. In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since."

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

JOHN E. GUILDERSON,  
Contractor and Mason.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

## District Summary

News of the District Culled From Our Exchanges

County Council is meeting this week.

United States has placed an embargo on all freight leaving Canada.

A returned soldier from Toronto is opening a new garage at Vineland next door to the telephone office.

Last year was the best year in the history of the Welland Agricultural Society.

Welland City Council is of the opinion that its Police Department is too big and a useless expenditure.

S. S. No. 1 Clinton and Louth school have put in an equipment and are serving hot drinks to the pupils.

Fruitgrowers state that the extremely cold weather this winter has done no damage to the fruit trees, so far.

Premier Drury has found a seat in Halton, providing he is elected and the Hon. Manning Doherty in East Kent.

Beamsville Express—Mr. Arthur Shepherd of Killarney, Man., is visiting his uncle, Mr. E. Hendershot. Mr. Shepherd left Caistor over thirty years ago for the West and is now serving his fifth year as Mayor of the town of Killarney.

Chief of Police A. Perry of Thorold, has tendered his resignation to the council to take effect next month. After having spent seven years on police duty, he has decided to go into business for himself and will take over the Mansion House in St. Catharines on March 1st.

Have all the fun you can in 1920 for 1921 is going to bring the most tremendous upheavals that have ever been witnessed. In the numerical cycle of 1921 earthquakes, tornadoes, pestilence and labor troubles seem written large. People with no philosophy of life are bound to suffer in the dark days that are to come after the approaching glad year of 1920.

The year 1919 goes into the history as the warmest year on record back to 1840. The mean temperature for the year was 48.3, which is 4.1 degrees above the average. The sun shone for 2,068 hours, giving us 20 hours more sunshine than what is considered the normal amount. According to records our rain supply was exactly normal, 29.54 inches but the snowfall for the year fell below half the normal quantity, being 28.5 inches, and 37.6 inches below average.

Announcement is made of the incorporation of the Marvel Company, Limited, of Welland, which consists of John Wiggins of Toronto, H. R. Morwood and R. D. Milne, Welland; G. A. Mitchell, Humberstone and R. H. Boyle, St. Catharines. The company will carry on the business and manufacture automobiles and accessories of every description, manufacturing the steering device for Ford cars known as the "marvel", and also deal in electricity, motor power, heat and light.

On Thursday last Mr. John Clarke, Thirty Mountain, met with a slight, but what might have been a serious accident. He had let his cattle loose for watering and as they were so eager to get a drink and he happened to be standing in their way, they knocked him down and trampled on him. He was quite stunned momentarily and received several cuts and bruises on the face. We are glad to report that he is able to be around again to attend to his duties as usual.

Ontario distilleries are taking steps to cut off the "fly-by-night" agencies which have not a stock of the have been getting a large rake-off on orders for Ontario consumers. One of the largest distilleries has sent circulars from its head office at Walkerville to the effect that after Jan. 21 it will not honor orders from agencies which have not a stock of the distillery's goods on hand. This means cutting off of all agencies outside the Dominion, including Niagara Falls, Buffalo and Detroit, as they cannot possibly have any liquor in stock and all liquor from this concern must be ordered through Montreal.

Niagara Falls, Ont., Jan. 20.—Mr. Cowan, news editor of the Review, received news yesterday that his youngest brother, Major William Cowan, had been killed in action December 31, last year. Major Cowan, who was only 19 years of age, enlisted in the British army in 1917, when only sixteen years of age, and gained a commission the following year, leaving the British army after the armistice with the rank of captain and with the Military Cross and Croix de Guerre. In April last year he joined the Estonian army on the staff, and at the time of his death was a major. He had been in several engagements with the Bolsheviks and had expected to be home for New Year's.

St. Catharines, Ont., Jan. 24.—A near record speed in typewriting is believed to have been reached at the military inquiry which closed here yesterday, when Arthur Hanrahan, of Toronto, wrote the dictation of Thomas Benough, the veteran court reporter, at a rate exceeding 70 words per minute for six and a half hours, completing 94 foolscap pages

containing 300 words each. When the time taken in straightening out the paper, putting it in and taking it out of the machine was considered, the net typewriting speed totals nearly 100 words per minute through this whole period. A good day's work of a fast typist is sixty pages. Hanrahan's record is 126 words per minute on a short run.

The verdict brought in by the jury in the Hoffman vs H. G. and B. case which was heard before Hon. Justice Kelly at the winter assizes at Hamilton, showed that the defendant company was negligent in not slowing down, but increasing the speed of the radial car as it neared the crossing. The jury also found that the plaintiff could have avoided the accident by stopping at the crossing. The damages were fixed at \$600 for the damaged automobile and \$400 for personal injuries. No damages were allowed for the death of the three and a half year old child. After hearing the evidence, at the suggestion of the defendant company, the jury and his lordship were taken to the scene of the accident.

Evidence that thousands of cans filled with preserved peaches, strawberries, cherries, pears, tomatoes and pears had been dumped into a gully near Jordan, was given in a case in the Police Court, St. Catharines, brought by Charles H. Bissell against the Vineland canning factory. These cans are known in the trade as "swells" and were said to contain goods that have spoiled through fermentation. Sanitary Inspector Rittenhouse considered the place "an ideal spot for a dump" W. A. Whitney and L. W. Mellick Manager and Assistant Manager of the Canning Company showed that they had asked for and obtained from a member of the Township Council permission to use this place as a dump. The Magistrate reserved judgment.

St. Catharines Standard—One of the most brutal affairs that has taken place in Thorold occurred Thursday morning about 1:30 o'clock; two men walked into the Ontario cafe and ordered an oyster stew each. After this was consumed they decided to have something more to eat. The proprietor cooked this and as he was coming from the kitchen the parties attacked him. In the fracas two panes of glass were broken, as well as some of the furniture. The proprietor called an assistant who was asleep and both the Chinamen were badly bruised and cut. The two men made their escape. The police of town as well as the surrounding district are keeping a lookout for the guilty parties, who it is thought left town on the last local car.

Welland Press—William Ferris is gone but not forgotten. His departure from the city, which he declares his home town, is mourned by several merchants. William is a bogus cheque artist. Last week he had a successful haul in Welland. Coming to the city with some worthless government cheques he left three behind him and departed with about fifty-three dollars worth of clothes and seventy odd dollars in cold cash. Ferris is said to be a returned man. When he made his raid he wore khaki. His method of procedure was to enter a store after banking hours, purchase some goods, tender one of his government cheques to meet the bill and receive the balance in cash. The cheques were acknowledged at the banks until they were forwarded to Toronto, then the fraud was discovered. The cheque king has cheques made out in thirty and seventy dollar amounts. Ferris is in uniform. He stands about five foot six in height, is about 22 years of age, of fair complexion, slight built and clean shaven.

## TOWNSHIP COUNCIL MEETINGS

### GAINSBORO COUNCIL

The inaugural meeting of Council was held on January 12, 1920, pursuant to statute.

Members all present viz:—R. W. Lane, Reeve; Alfred Kennedy, D. E. Krick, Harlan Strong and W. J. Steward, Councillors.

Communications were read from G. A. Carefoot, Public School Inspector, requesting council to appoint a School Attendance Officer; from Municipal World re subscriptions.

A. J. Dalrymple tendered his resignation as assessor. Applications for Township Auditors were received from J. W. Clark, P. M. Olmsted, Theron Felker and E. L. Snyder.

A deputation from the Forrester's Lodge interviewed the council re placing a movable partition in the Township Hall.

Mr. Cecil McPherson interviewed the council re defective sidewalk in Wellandport.

The Reeve and Councillors Strong and Steward are a committee to meet Pelham Council to arrange the division of road work on Pelham and Gainsboro townline.

The Collector's time was extended until next council meeting, with instructions to return his Roll to the

Clerk on or before Jan. 31st.

J. W. Clark and P. M. Olmsted were appointed auditors, and Alfred Shrumm was appointed a member of the local Board of Health for ensuing year.

Fred Smith was appointed School Attendance Officer for Gainsboro Township.

Councillor Steward is a committee to repair the sidewalk in Wellandport.

Alonso Strong was appointed Assessor.

The Council rented the lower floor of the Township Hall to P. R. Olmsted for 1920 for sixty dollars.

point certain township officers, and

it be now read a first, second and

third time, and do now pass, and the

Reeve and Clerk sign and seal the

same. Carried.

Moved by Mr. McDonnell, seconded

## A Woman's Trouble

Stratford, Ont.—"I do think Dr. Pierce's Favorite Prescription one of the best medicines I have ever known for the ailments of women. I had for quite a long time been having woman's trouble which caused me to become all run-down, weak and nervous. I doctored but nothing seemed to give me relief until I began taking 'Favorite Prescription.' This medicine gave me such wonderful relief that I am glad to recommend it to others."—MRS. A. GODWIN, 60 Brant St.

## NERVOUS AND RUN-DOWN

Stratford, Ont.—"A few years ago I was in a nervous and run-down condition and felt greatly in need of a tonic. A friend who was being helped by Dr. Pierce's Golden Medical Discovery advised me to try it, too. It helped me from the very start and eventually restored me to perfect health. I feel in a position to praise the 'Golden Medical Discovery' very highly and take pleasure in recommending it to all those who are at all nervous, weak or run-down."—MRS. ESTHER PRATSON.

Dr. Pierce's medicines are made of vegetable growths that nature surely intended for backache, headache, pains, irregularities, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root, Oregon grape root and Viburnum. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it in liquid or tablets. It is without alcohol.

# MAINLY FOR WOMEN

## EXTRAVAGANT PUBLIC CAN THANK ITSELF FOR THE H. C. OF L.

"Well, I'll just tell you something if you want to know it," said one of my butcher friends to me the other day—for they are all friends of mine, and do you know, it's the best thing in the world to keep on the right side of your butchers, these days—"People can talk as they like about the H. C. of L. but do you know that a good portion of the blame should be borne by themselves. For the public is in part responsible for this cost of increased living, I call it."

"Well, how do you make that out?" I asked, bewildered.

"It's just this way," and he proceeded to tell me where the public figures in the High Cost of Living.

"We are living in an age when people want good stuff, the best they can get regardless of the cost. In meat, a large number demand the very best cuts and they're not satisfied until they get 'em."

"It seems ridiculous to me, for other meat is just as good and tastes just the same. Now for instance. A man came in here the other day—a man, mind you, not a woman—and asked for a porterhouse roast. Now a porterhouse roast is the most expensive roast you can get, and it's gone up 10 cents a pound since which makes it 50 cents per pound. I told him this, told him that I would have to cut a whole side to get it, and I showed him a chuck roast, which is every bit as good a meat, tastes the same and everything, and is only 30 cents a pound. I showed him the best I had. 'No, I want that Porterhouse roast and of course I had to give it to him.'"

"That happens every day in the week. People won't take anything but the best. If customers, when you told them that such and such a cut had gone up 10 cents a pound would say they wouldn't have them at any price, then of course the price of these high-priced cuts would come down and no mistake. There was 20 cents a pound difference in that meat, yet he must have what he had always been accustomed to getting."

"I told my butcher friend that I was of the same opinion as he was, and that if people only would get together and get cheaper but just as nourishing meats, that our old enemy the H. C. of L. would have nothing for it but to admit he was defeated."

HERE ARE FOUR DELICIOUS EASILY MADE BEAN DISHES

If beans are a favorable dish in the family you will find a fireless cooker will save you considerable in the way of fuel, and pot-watching as well. For beans, although quoted often as a "cheap" meat substitute, are not so inexpensive when you count the cost of long-time cooking over a direct flame.

If you have a fireless you simply start the beans over the flame of oven and then into the fireless they go overnight. No fear of burning, no wasted juice and very little cooking cost.

### Boston Baked Beans.

1 quart of beans.  
1 tablespoonful of salt.  
1 teaspoonful of dry mustard.  
1/4 teaspoonful of soda.  
1/4 cupful of molasses.  
1/2 pound of fat salt pork.

Let the beans soak in cold water over night. In the morning drain, cover with cold water and bring to boiling point. Then simmer slowly until beans are tender. Be careful not to use too hot a flame or the beans will be broken. Properly cooked, beans should be tender but whole. Place in an earthen pot, add seasoning and sliced pork, boiling water and cover. Bake slowly for eight hours—or if the fireless is used, simply bake for half an hour, then place in fireless over night.

In the oven the beans may be uncovered the last hour to brown.

Here is a bean dish that is really a delicacy.

### Beans and Mushrooms.

2 cupfuls of cold, cooked Lima beans.  
1 cupful of button mushrooms.  
1/2 cupful of top milk.  
1 tablespoon of butter.  
Salt, pepper.

Melt the butter, add the chopped mushrooms and beans and simmer for 10 minutes. Then season, add top milk and simmer for 5 minutes longer. Serve at once on toast points.

### Baked Bean Soup.

2 cupfuls of baked beans.  
1 1/2 cupfuls of tomatoes.  
4 cupfuls of cold water.  
2 slices of onion.  
1 tablespoonful of tomato catsup.  
1 tablespoonful of butter.  
2 tablespoonfuls of flour.  
2 tablespoonfuls of salt.  
1/2 teaspoonful of pepper.

Simmer together the beans, onions tomatoes and water for 30 minutes. Then force through a sieve. Mix the butter and flour, add to beans, heat well with seasoning. Serve hot with croutons.

1 cupful of baked beans.  
2 cupfuls of tomatoes.  
1 cupful of macaroni.  
3 potatoes.  
3 slices of bacon.  
1 onion.  
Salt, pepper.

Cut the bacon in small squares and fry. Add the sliced onion, and let cook until brown. Then add the beans and serve hot.

This is really a one-piece meal, as

this single dish combines all the necessary ingredients for a balance meal.

## THE TASTIEST WAY TO PREPARE STEAK

If you want to taste the best steak you ever ate in your life—pan broil it and serve it with a butter sauce. The richness of the flavor and the food value contained in a steak cooked this way far outdoes any added expense. And besides, after all is said and done, it is the good our food does us that counts. A badly cooked piece of meat has no food value, and the money spent is more or less wasted. If it is well cooked the value returns to us in good blood and extra fuel, so that we have "pep" to go ahead with our daily tasks and accomplish more from wise eating.

Take your frying pan, placing it over the fire until it gets very hot. Then enter enough fat from the steak to grease the pan well. When piping hot enter the steak, searing it with the intense heat of the pan on each side first, before allowing to cook. This retains the meat juices which are rich in mineral substances.

Now reduce the heat gradually, until it can be regulated to the point where the meat will not burn. Do not prick with a fork to test, for by this means the juices are allowed to escape, but turn with a knife. Keep turning from side to side for about 15 minutes, when if an average sized steak it should be cooked. Then place on a platter and garnish with parsley or cream.

To make sauce: For each person to be served use 1 teaspoon of butter or margarine, a little salt and pepper and 10 drops of lemon juice. Cream the butter and add other ingredients. Place on the steak and serve.

## GRAPE SEED OIL USED FOR COOKING AND SALADS

Grape seeds, now discarded as the most valueless of waste matter, have been found to yield, when pressed, an oil that may serve as a substitute for cottonseed or even olive oil, for cooking, and as a satisfying ingredient for salad dressings. In the U.S. Department of Agriculture laboratories a practical method has been found. The extraction of oil from the wet residue after expressing the juice of the grapes, and a plant for that purpose might well form part of the grape-grower's equipment. This work

## SHILOH 30 DROPS COUGHS

would have to be done in the pressing season, from September to November. The extraction of oil from the dried seeds could then be extended through the winter months. A valuable by-product so easily obtained, and for which the raw material exists in great quantities, should do much to revive the waning interest in the grape growers.

## FALL FAIR BOARD'S ANNUAL MEETINGS

### BIRCHBROOK FAIR MEETING

What proved to be the most successful annual meeting of the Birchbrook Agricultural Society was held on January 20, when the following officers were elected for the ensuing year: Oodale, president; O. McMurphy, 1st vice-president; R. Young, 2nd vice-president; Ross Anderson, Spittal, H. Daw, G. Beer, W. Son, Agberry, E. Johnson, N. Fletcher, D. Garinger, J. Wilson, Jr., N. cher, C. M. Lowden, T. Gowland, E. Laidman, W. Johnson, S. Daw, J. Mar-Garington; Mesdames T. Evans, H. tin, D. D. Young, G. Beer, T. Mur-Johns, Burkholder lady directors.

### ON AND LOUTH FAIR OFFICIALS

The annual meeting of the Clinton and the own Hall, Beamsville was held afternoon last. A goodly on Friday members were present. President Robt. Lister occupied and Pr until the election of the the chairman. Mr. Lister has very new filled the position during officers two years, but refused the the position this year in order that nominator might have the some. The Treasurer's report show honor. The receipts for the year were \$2,225, a balance on hand of \$14.68, less no debts unpaid. \$208.33 and no for the year were

The officers for elected as follows:

Clinton 1st vice-president, Jas. Tufford; 2nd vice-president, Wm. B. Gborall; Directors: president, W. S. Robt. Lister, Wm. Wm. Jerome, J. E. Hendershot, Schultz, N. B. M. Paynter, Thos. G. S. F. Russ, Cosby. more, Omar Directors: Carman Cos-honorar Librock, Robt. Potter, A. by, Chas. S. Hudson, J. B. Fair-Tufford, E.

bairn, Chas. Garlett, A. Stirlinger, H. H. Tufford, Levi Moyer, Herb. Culp, L. Hipple, P. Merritt.

### Louth

The Louth Society had held their meeting earlier and the report of the election placed on the table was as follows:

President, Eliza Staf; vice-president, E. W. Fry; Secretary-Treasurer Wm. Honsberger; Directors: Harvey Fawell, George High, Wm. Markey, Geo. W. Wiley, Chas. Hallett, Galen Overholt, Clayton Culp, O. E. Tallman, S. C. Honsberger.

J. P. Osborne and E. S. Hudson were appointed auditors. Immediately at the close of the meeting the Directors met and again appointed J. A. Sinclair as Secretary-Treasurer.

### ABINGDON FAIR

The annual meeting of the Abingdon Agricultural Society was held in the hall on Wednesday, January 14, with a very large attendance of members present. The president H. Asher in the chair. After a short address the minutes of the last annual meeting were read and adopted; the financial statement and auditor's report was then received by motion of Young and Shields. The receipts for the year was \$1,387.75, total disbursements \$1,113.09, leaving a balance on hand of \$274.70. After some discussion it was moved by Young and Pearson, that the Society build a grand stand this year. The following named Committee was appointed to canvass and report: Secretary, A. Oniel, F. Black, H. Asher, J. Young, W. G. McDonnell, M. Bush, A. Pearson, I. Collins, W. Shields, M. Shaw, W. Marshall, J. G. Warner, A. M. Snyder, C. H. Snyder, J. Oniel.

On motion of Shaw and Blaxill the Secretary and J. Young was appointed delegates to the Fair and Exhibition Convention to be held in Toronto. The following officers were then elected by ballot, as follows: President, F. Black; 1st Vice-president, C. H. Snyder; 2nd Vice-president, W. G. Blaxill; Directors: W. G. McDonnell, H. Asher, J. Young, A. M. Snyder, M. Bush, W. Shields, M. Shaw, C. Bartlett and W. Young; Auditors: Stanley Young and Cecil Springsted; Caretaker of Hall, A. M. Snyder.

The President then called the newly elected board together and they re-appointed D. W. Nicholls Sec'y.

### SMITHVILLE FAIR BOARD MEETS

The annual meeting of the Peninsular Central Agricultural Society was held in Brant's Hall, Smithville, on Tuesday, January 20th, with the president, I. E. Springstead, presiding.

A good attendance of members was present and considerable enthusiasm was manifested toward making the fall fair for 1920 a decided success.

The financial statement of the year 1919 was presented showing the Society to be in a most flourishing condition.

The following officers and directors were elected for the year 1920: Hon. President, J. T. Middleton; President, M. B. Cosby.

1st Vice-Pres., R. J. Goring.

2nd Vice-Pres., A. H. Schnick.

Directors: E. B. Durham, J. E. Lymburner, J. E. Fisher, R. H. Cooper, J. A. Schnick, W. H. Trembley, E. S. Watson, I. E. Springstead and A. J. Nevills.

Auditors: C. A. Griffin, W. R. Taylor.

W. H. Trembley and I. E. Springstead were appointed delegates to the Niagara District Fair Managers' Association.

R. J. Goring and A. J. Nevills were appointed delegates to the Ontario Association of Fairs.

A. H. Schnick was appointed the Society's representative on the Lincoln County Board of Agriculture.

WORLD PICTURES  
MADGE EVANS  
'Home Wanted'

The public from time to time has been fed upon the marvelous salaries paid to the motion picture stars until no sum, however large, seems incredible as the compensation for an actress to pose before the camera.

However, in these days, when people talk in billions, it does seem a large sum for a child to earn in a year, when the total of her yearly income reaches thirty-five thousand dollars. This child is Madge Evans, a World Picture star, who has just completed "Home Wanted," which is being distributed by World Pictures and will be the attraction at Moore's Theatre on Monday night, February 2nd.

If Canadian exportation of beef were increased twenty times it would only just meet the importation into the United Kingdom alone, not to speak of other European countries. The British consumption of imported beef is five million hundred-weight annually.

## Got a Cold?

Peps will give you relief. Simply dissolve a Peps tablet in your mouth. Your breath carries the medicinal Pine vapor, which is released, to all parts of the throat, nasal and air passages, where a liquid medicine could not possibly reach. This vapor destroys all germs with which it comes in contact, soothes and fortifies you against coughs, colds, sore throat, bronchitis and grippe. Peps contain absolutely no harmful drugs and are therefore the safest remedy for children.

**FREE TRIAL** Cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All drug-gists and stores sell Peps, 50c. box.

## T-O-N-I-G-H-T

Here's dashing Owen Moore, back on the screen more magnetic and convincing than ever. Maybe Rex Beach didn't know something when he chose this brilliant artist as the featured masculine player in his newest Goldwyn screen sensation, "The Crimson Gardenia," which appears to-night in Moore's Theatre.

## ODDFELLOWS BIG NIGHT

(Crowded out last week.)  
Monday night Jan. 19th was a big night in GRIMSBY for the members of the I.O.O.F. It was the occasion of the annual installation of officers for the year and in order to make the ceremony more interesting they invited the members from Beamsville Lodge to attend and a joint installation was held.

The officers for the ensuing year for both lodges were inducted into office by D.D.G.M. H. H. Marsh and his district installing board, which by the way is the only installing board in the history of Oddfellowship in Ontario that has ever been made up entirely of Past Grandmasters from one lodge. The board is composed as follows:  
D.D.G.M. H. H. Marsh.  
D.D.G. W. K. M. Stephen.  
D.D.G. Rec.-Sec. E. V. Hoffman.  
D.D.G. Fin.-Sec. E. Mannell.  
D.D.G. Treas. A. Hewson.  
D.D.G. Chap. F. Andrews.  
D.D.G. Marshall G. E. Miller.  
D.D.G. F. E. Russ.  
Pianist J. Bird.

The officers who will handle the destinies of the GRIMSBY Lodge for the next term are:  
N.G. Vernon Tuck.  
V.G. F. Konkle.  
Rec.-Sec. G. E. Miller.  
Fin.-Sec. K. M. Stephen.  
Treas. H. H. Marsh.  
R.S.N.G. A. Hayhoe.

W. T. Griffin	W. W. Ferris
Skip 9	Skip 6
Total 21	Total 24

Two rinks from the local club played in the Tankard competition in Hamilton last week, but failed to land in the finals. In the first round they drew a bye, but were very badly defeated in the second round.

Dundas	Grimsby
C. Lawson	W. F. Gibson
A. C. Clark	Dr. Clark
H. F. Powell	A. H. Russ
T. Stock	C. W. F. Carpenter
Skip 16	Skip 11
A. Broad	H. A. Baldwin
J. W. Lawreson	B. Marlatt
H. H. Piries	L. Phipps
R. Fletcher	A. H. Phipps
Skip 26	Skip 14
Total 42	Total 25.

## Shots

Seven of the twelve players who comprised the teams that beat the Asylum teams on their own ice a week ago, were new men at the game this winter, and the teams they played were the ones being sent to the tankard by the Asylum Club.

C. W. F. Carpenter has three young players on his rink that he is willing to stack up against any other team in the Club. He calls them "Carp's Cubs" and is willing to play them against any team for fun, money or marbles.

The curlers have certainly no kick about lack of ice this winter. They have had three fine sheets now for over seven weeks and need not say they have taken full advantage of the weather and the fine ice.

Three rinks from the Asylum played in Grimsby on Saturday. In the afternoon game GRIMSBY won point but were defeated at night by six points. G. B. McConachie played for one of the Asylum rinks and this accounts for their win.

Two rinks skipped by W. W. Ferris and Jas. A. Wray were defeated by a large score in the District games in Hamilton, yesterday.

## BEAMSVILLE NEWS

Nominations to fill the one remaining vacancy on the board of education resulted in S. J. Wilson being elected by acclamation.

Lawrence Hipple and S. H. Rittenhouse left on Friday for Winnipeg and will return via Chicago.

W. B. Cramp, teller of the Bank of Commerce, has been transferred to Galt. P. C. McGill, manager, goes to Hamilton in a few days and the former manager, J. B. Drope, comes back here.

Although the wet goods are arriving in goodly quantities, farmers all over the township are complaining of the scarcity of water. Many of them are drawing for long distances in order to keep their stock supplied. Not in the recollection of old township residents has there been such a scarcity of water at this time of the year.

From the account book of one, Cyrus Little of the year 1866, sales of the following provisions, etc. and their prices are recorded: 50 lbs. of chop stuff, 56 cents; 3 1/2 cords wood, \$2.34; 13 feet fine lumber at 80 cents a hundred; 1/2 bushel turnips, 6

## THE MEAT REMAINS TENDER

because the moisture is retained instead of being driven off by the heat when you use

## Parke's Smoke Essence

AND THERE IS NO DANGER OF FIRE.  
Just apply Parke's Smoke Essence, a liquid, with a brush and allow it to dry in. It keeps it pure, sweet and free from insects.

35c and 75c bottles.

Ford

THE Demand Will Exceed the Output—Place Your Order Now!

The Ford Company advise that, on account of the shortage of raw material, they entertain no hope of supplying the demand for Ford Cars during the coming season.

Our allotment of cars will be small compared with the demand that will exist in this territory. In order to obtain this allotment it will be necessary to show the Ford Company the actual orders.

As Ford Dealers in this district we are anxious to serve the community to the best of our ability. By placing your order now you will assure yourself of getting your car at a later date.
